KLICKfix®

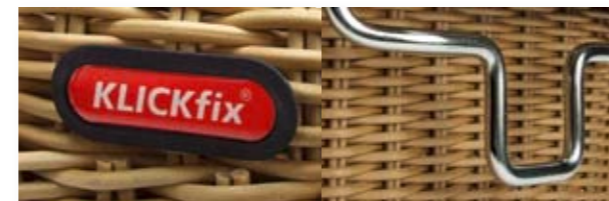

for handlebar adapter Saleen Basket

This meshed basket unites traditional design with modern material. The robust, polypropylene-based Saleen-fibre is woven by hand according to traditional modes of basket-making. The raw material looks and feels much like natural fibre, yet is set apart by several advantageous qualities: it is resistant to weather, UV-rays and will not turn grey or become brittle. A strong metal frame connects the basket to its KLICKfix handlebar adapter, where it is simply snapped into place and can be removed within seconds. Available spring 2012.

34x25x19cm, 1100g, 16L, 7kg max.

0370 BG Saleen handlebar basket beige
0370 BR Saleen handlebar basket brown
0370 S Saleen handlebar basket black

permanent mounting Alumino Fix

For all who like their Alumino basket permanently fixed on the bike. The holder can be adjusted at two heights. Thanks to the patented anchoring cable, the adapter holds the basket in a fixed, stable position even with heavy loads. No additional support to fork is required. Lightweight and resists corrosion. Available spring 2012.

40x25x26cm, 16L, 1060g (inkl. adapter), max. 7kg

smart + Quad adapter Phone Bag

Great weather protection for Smartphones up to 7x12cm. Ideal for navigation, as it is easy to see while riding and always within easy reach. The Smartphone is usable with the transparent cover on, and can quickly be adjusted from a vertical to horizontal position thanks to an integrated rotating coupling system. The phonebag is quickly and securely fixed to your bike via the KLICKfix Quad adapter and can be removed by the simple press of either of the two release buttons. The stainless steel band facilitates fixation to handlebars, stem or frame of any radius. Available October.

- + easy intuitive clic on in 90° steps
- + quick switches from vertical to horizontal format
- + perfect operation of touchscreen through foil
- + O-Ring cushioning prevents rattling noises

8,5 x 13,5cm, 100g (incl. adapter), 1kg max.

2706 Phonebag incl. Quad adapter

basket for handlebar adapter Alumino

This basket brings together functionality and simplicity of design. Everything is kept down to the basics: A robust and light basket that resists corrosion, even in coastal climates. To accommodate different bicycle sizes, the frame allows the basket to snap into its KLICKfix handlebar adapter at two different heights. Available now.

handbag & handlebar adapter
StyleBag

The perfect union of style and functionality. Fashionable and casual with its half-rounded and fluid shape. Makes a good impression anywhere, whether it is used as a bicycle bag or carried on foot.

The bag's more technical features remain hidden: the adapter plate which snaps into the Klickfix handlebar adapter is integrated into the bag's back side. Everything finds its place in the bag's numerous zipper and inside compartments. Thanks to its long handles, soft body and extra flat adapterplate, the bag is easily carried over the shoulder. Available in 5 designs spring 2012. Adapter included.

31 x 22 x 11cm, 300g, 4L, max. 2kg

shoulder bag & handlebar adapter
FunBag

The sporty multitalent likes to cycle, is fixed in seconds with the extra flat adapterplate, but also loves to be taken out for a walk. The adjustable shoulderbelt, the big front flap with magnetic closure and the practical interior are perfect features to manage the daily routine or everything that makes fun. Available in 5 designs spring 2012. Adapter included.
